To all Local Pharmaceutical Committees within East Midlands

Dear Colleagues

New Local Pharmaceutical Committee (LPC) constitutional changes

Following the agreed adoption of the national model constitution through NHS England National Team, this letter is to acknowledge that the 5 ICBs within East Midlands formally recognise the new legal bodies to represent pharmacy contractors within each relevant ICB area:

- Derby and Derbyshire
- Leicestershire, Leicester and Rutland
- Lincolnshire
- Northamptonshire
- Nottingham and Nottinghamshire

This has been shared with the East Midlands Pharmacy Governance Group in September 2023 for information and noting.

We thank you for your leadership on behalf of pharmacy contractors and we look forwards to continuing to work with you.

Yours sincerely

Caroline Goulding
Head of Primary Care Services (East Midlands)
